## Scout 1000 Laser Rangefinder

- Advanced digital technology
- 5-1000 meter range (reflective target)
- Accurate to within 1m
- Class I Eye-safe
- Low battery indicator

### DESCRIPTION

The Scout 1000 Laser Rangefinder has changed the way distance is measured.

The Scout 1000 rangefinders emit invisible, eyesafe, infrared energy pulses that are reflected off a selected target back to its receiving optics. Sophisticated circuitry and a high speed clock are used to instantaneously calculate distances and is accurate within a yard or meter. It's as simple as pressing a button.

The Scout 1000 is water and shock-resistant, lightweight, compact and is designed for durability even under the harshest conditions.

### TARGETING MODES

|                    |   |
|--------------------|---|
| <b>Scan</b>        | provides continuous distance measurements as multiple targets in field of view are scanned.   |
| <b>Rain</b>        | permits distance measurement in inclement weather.  |
| <b>Zip / Brush</b> | enables distance measurement to a target through foreground clutter like brush and branches.  |
| <b>Reflector</b>   | distancing to special reflectors is enhanced.   |
| <b>Bullseye</b>    | Geared for close-range use, this mode acquires the distances of small targets and game without inadvertently measuring background target distances. When more than one object is acquired, the closer of the two objects is shown on the LCD display. |

### SPECIFICATIONS

#### Scout 1000

|                                     |   |
|-------------------------------------|---|
| <b>Maximum Non-Reflective Range</b> | 600 yds (548 m)                         |
| <b>Reflective Range</b>             | 1000 yds (914 m)                        |
| <b>Accuracy</b>                     | +/- 1m                                  |
| <b>Magnification</b>                | 5x                                      |
| <b>Size</b>                         | 180 x 71 x 41 mm                        |
| <b>Weight</b>                       | 187 g                                   |
| <b>Battery Type</b>                 | 3 volt CR2                              |
| <b>Targeting Mode</b>               | Scan, Rain, Zip, Reflector and Bullseye |
| <b>Warranty</b>                     | 2 yrs                                   |
